

## Set up Skype Account Connect with Pinnacle Forex Group through Skype

If you are already a Skype user, simply add pinnacleforexgroup to your contacts.

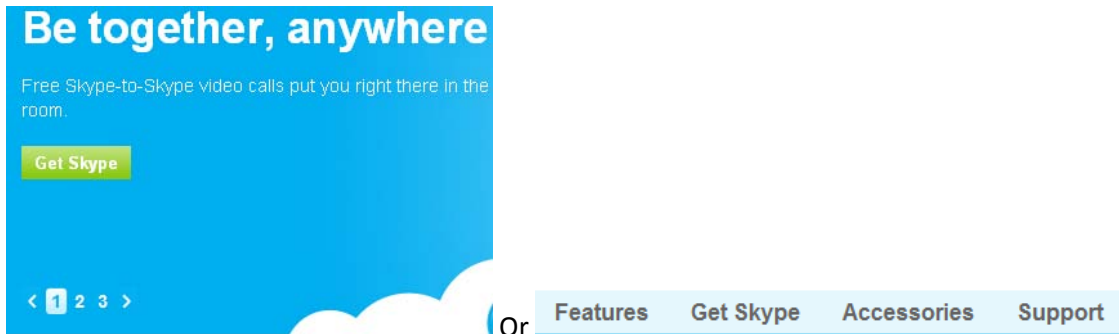

This is a step-by-step guide on how to set up a Skype account in order to make video calls or just voice calls through your computer. In order to make video calls and voice calls, your computer must have a web cam and microphone set up and installed. Skype is a free service to use when making calls to other Skype accounts/users. Skype can also be used to make calls to land lines or cell phones for a fee. If you run into any problems please refer to the Skype help page at <http://www.skype.com/intl/en-us/support/user-guides/>. Also, feel free to contact Pinnacle Forex Group at 888-846-5584 to see if we can help as well.

Notice: At the time of the writing of this tutorial, all steps were accurate. Some changes to individual steps may have changed.

1. In your URL bar at the top of your Browser (IE, Firefox, Safari, Chrome, or Opera) type in [www.skype.com](http://www.skype.com).

2. Click on the green icon 'Get Skype' or the tab across the top menu bar

3. Now you must select whether you want Skype for your Windows computer or your mobile device. This tutorial will explain how to install Skype for Windows.

4. Click on the green 'Download now' button.

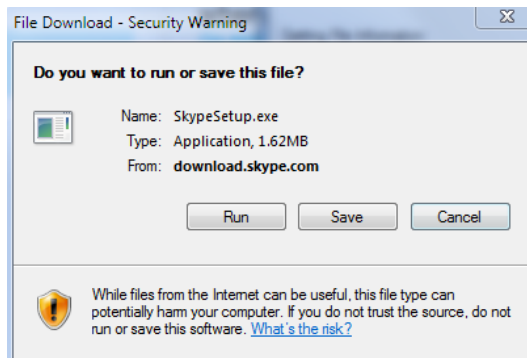

5. If using Internet Explorer browser, you may be prompted to accept the download. Look for a yellow notification bar across the top of your web page. Right click, then click 'Download File'.

Make sure you right click than click 'Download File'...

- Your download should begin automatically. You will once again be prompted to continue. Select the 'Run' button to continue installation.

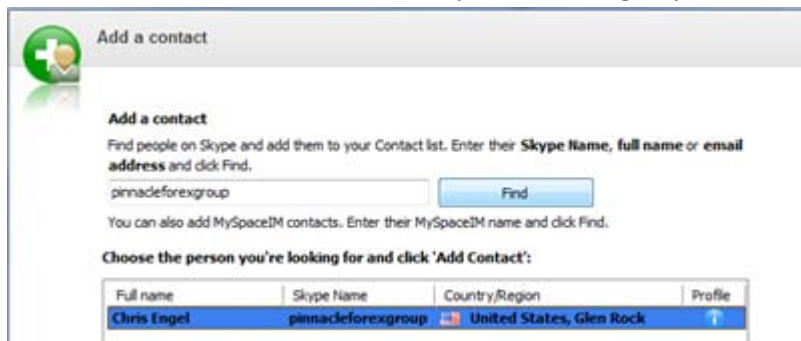

- Skype will then ask you to agree to install the software. Simply click the button in the bottom right of the window that says 'I agree – install'.
- Carefully read through each screen to select your options. Be aware of default selections made on each new screen. If you do not want a certain selection, simply click the box to make the check mark disappear.
- Skype may take several minutes to install. Once installed you will need to find the Desktop Icon similar to the one below and double click. This will open a start-up screen.

- Click 'Don't have a Skype Name?' This opens a Create account window
- Type in your name, and then create a Skype username and a password. Follow the directions from there and click Sign in.
- Then add Pinnacle Forex Group as a contact. In the upper left of the Skype screen, click on the 'New' button.

- Click 'New Contact'. Enter the name "pinnacleforexgroup" into the search bar.

- Click on the Skype name pinnacleforexgroup and then click 'Add contact'. That is it!
